

ESS CDI™ - Replacement Lenses & Accessories

ESS eyewear features Modular Technology™ for quick interchange of components. Save money by replacing individually damaged parts instead of purchasing entire new systems.

Polarized lenses reduce glare and eye strain and provide 100 % UVA / UVB protection. ESS polarized lenses come standard in the Fusion™ sunglass and are available for the ICE™ eyeshields & the CDI™ sunglass.

ESS makes prescription eyewear integration easy. Rx Inserts are also available for the CDI™ sunglass.
