

ESS Striker Series™

Featuring frames that fit over most prescription eyewear, the versatile ESS Striker™ Series comes in four models designed to meet the demanding needs of service men and women: the Land Ops™, Vehicle Ops™, Flight Deck™ and Asian Fit™.

The ESS Land Ops™ provides high-performance eye protection and exceptional fog resistance for active ground troops. It is one of the only goggles authorized by the U.S. Army for use over prescription eyewear. The ESS Vehicle Ops™ goggle is designed for war fighters exposed to harsh environments while operating vehicles. It was selected as the award-winning goggle by U.S. Army's Combat Eye Protections (CEP) Solicitation. Low-Flow™ filtration provides the ultimate barrier against airborne debris while travelling at high speeds. This goggle is easy to maintain and as tough as the troops who use it. The ESS Flight Deck™ is the only commercial goggle authorized by the U.S. Navy for use on flight decks and is standard issue for the Australian Navy. Featuring the patented Speed-Clip™ system for quick strap adjustment, the Flight Deck™ is designed for comfortable, all-day use with cranial-style helmets. The roomy Flight Deck™ frame fits over most eyeglasses.

ClearZone FC™ Lenses	- Advanced ESS ClearZone FC™ anti-fog and anti-scratch lens coatings - 2.4 mm impact-resistant lenses exceed ANSI Z87.1-2003+ and U.S. Military .22 caliber ballistic impact test MIL-V-43511C
