

ESS Striker Series™, Striker TurboFan™ and Tactical Series™ Accessories

ESS eyewear features Modular Technology™ for quick interchange of components. Save money by replacing individually damaged parts instead of purchasing entire new systems. These and other accessories can be purchased.

ESS makes prescription eyewear integration easy. Rx Inserts are available for all models of ESS eyewear. Some ESS Rx Inserts are compatible with more than one model.

SpeedSleeves™ eliminate glint off the lens and keep the goggle and lenses clean and scratch-free when not being worn.

Tear-Off Lens Covers are thin, clear films that stack on the exterior of goggle lenses, and are easily torn off for instant clarity in dirty, dusty or wet situations.
