

## NOWAR Operating Glove – Model SEK Multi-Level

This water resistant leather glove offers a high level of protection for different uses. The thick padding on the back of the hand, of the wrist as well as the padding in different limbs on the fingers and thumb protect the used against pushes and beats, but also provides an optimal freedom of movement. The closing of wrist by Velcro avoids the intrusion of foreign objects and affords a good hold on the hand. The palms are fitted with an extreme abrasion resistant material. Due to this fact the user has the chance to rappel without changing the gloves. Furthermore, this glove is made of 100-% Kevlar-lining for cut resistance.
