- *Neck Protector made of Leather – Easily to replace through snap fasteners.*
- *Chin / Mouth Cup – Ergonomically formed chin/mouth cup with large ventilation slits made of soft PU-foam. This chin cup is also suitable for other helmets.*

Material Science	- The chemical substance PROBAN® developed by RHODIA-Group gives the fabrics a flame resistant property. Based on licensee contracts this is sold to companies who are authorized for processing only by RHODIA. Therefore, it is ensured that fabrics handled with PROBAN® will exceed the current Fire-Safety regulations.
