

FWS – Security Cabinets for Weapons

Flexible, versatile - instantly reconfigurable secure weapons storage

This Secure Weapons Cabinet is quite simply the most flexible and versatile storage cabinet for weapons ever produced. Stores any size rifle, shotgun or handgun.

All-steel roller shutter door secures the cabinet components. Access to cabinet interior can be further secured with up to 4 keyed security levels available.

Substantial all steel construction gives an all up weight of fully configured cabinet of 250 kg. Wide selection of internal components can be configured in an unlimited number of ways to permit maximum storage capacity for any mixture of weapons.
